

2021 Application for Bicycle Helmets

The Advisory Council on Brain Injuries (Council) helmet distribution project aims to increase the number of Iowans who wear bicycle helmets. The Council recognizes that bicycle helmets are an effective means for reducing the severity of brain injury caused by a bicycle crash. Therefore, the Council seeks to collaborate with select entities throughout the state of Iowa to disseminate bicycle helmets and safety information.

Questions regarding this project should be directed to brain.injury@idph.iowa.gov
Applications will be accepted until 4PM on March 8.
